Applications submitted at the government's expense will not be considered. This includes those submitted in government envelopes or postage and those submitted by way of a fax machine. **Do not** include tabs dividers, books, booklets, or document protectors when submitting applications. When mailing (use address on top of job announcement) please allow at least 4-5 days for the application to get through our mail distribution system. **NOTE:** Overnight applications are discouraged as those packages are not delivered to HR.

EQUAL EMPLOYMENT OPPORTUNITY

The NH National Guard is an equal opportunity employer. Selection for this position will be made without regard to race, religion, age, national origin, gender, political affiliation, marital status, membership or non-membership in an employee organization or any other non-merit factor.

DUTIES AND RESPONSIBILITIES:

Plans and organizes facility planning and public works architect and engineering activities and ANG Base-wide responses to natural disasters, terrorist attacks and fire response services in accordance with USAF directed concept of operations. Plans and directs the major functional areas such as readiness (wind-wide response to natural disasters, major civil and

military aviation accidents, attacks, and terrorism responses; wing-wide nuclear, biological and chemical defense preparation), plant facilities, engineering, long range facilities program development, engineering and construction, operations and maintenance, fire protection engineering, environmental engineering.

Provides the ANG Base with the following: (a) designs for ANG Base-accomplished work (contract or In-house); (b) project development plans and specifications for contract work; (c) engineering and planning incident to master planning, development of military construction programs, including preliminary design, and the preparation of maintenance, repair, and minor construction fund programs; (d) fire protection and prevention program; and (e) expertise on environmental protection requirements, reports and written assessments.

Exercises authority as the ANG Base Engineer in planning, supervising, managing, directing, controlling and coordinating activities. Such authority extends to engineering and management decisions in the operation and administration of the engineering program.

Directs operations through subordinate technician, military, and/or state civilian supervisory personnel.

Reviews mission change documents, program guides, regulations and directives, and determines engineering requirements for the construction, alteration, modification, repair and maintenance of all buildings, hangars, nose docks, shops, utility plants, ramp areas, roads, and grounds, etc. to provide the installation with the capability for accomplishing the unit mission.

Considers a variety of elements in determining funds available, contour of land, soil condition, weather and its effect upon building material.

Provides professional advice pertaining to the accomplishment of engineering work in all disciplines as related to engineering projects pertaining to repair, rehabilitation, replacement and/or construction projects.

Construction and Design experience

Must have a secret security clearance
